ARGOS DISTRIBUTORS LTD
CATALOGUE NO3 **1974/5**

The best shopping deal in Britain.

This catalogue is your key to a revolutionary new way of shopping. It brings you the best shopping deal in Britain, because no-one else can offer you the following unique combination:

(1) A catalogue that makes it possible for you and your family to decide what you want to buy in the quiet of your own home.

(2) A wide, exciting range of nearly 3,000 items of merchandise.

(3) The reliability of branded goods from household names you know and trust.

(4) Attractive, efficient, easy-to-reach Showrooms where you can purchase the items you have selected.

But above all

(5) Permanent savings on every single item you buy.

Items in the Argos Catalogue offer genuine savings over the prices you would normally expect to pay in conventional shops.

How do Argos do it?

Argos low prices are the result of a completely new concept in shopping.

(1) Our system uses less shop space. So we save on such overheads as rent, rates and so on.

(2) We need fewer staff. So our total wage bill is much lower.

(3) Computerised warehousing cuts costs again.

(4) Lower prices mean we sell more goods from our many Showrooms. So we gain from bulk buying.

We pass on these savings – which can range up to 45% – to you, our customer.

Argos savings.

The Argos prices shown in this catalogue are where possible compared with Recommended Retail Prices.

However where no such prices exist, the manufacturers or suppliers have suggested Comparative Retail Prices. These are used in the catalogue to show the genuine savings we offer you.

Argos pricing policy.

Whilst every endeavour will be made to maintain Argos low prices for the life of this catalogue, we reserve the right to make adjustments in the event of changes in VAT or for any other reason beyond our control. Like every other retailer, Argos has to face manufacturers' price rises which are too big to absorb; so please always check the prices in the Master Catalogue in your local Showroom.

Argos Catalogue Showrooms.

Argos Catalogue Showrooms are opening up all over the country.

Each Argos Showroom features a selection of items on display. The full range featured in the catalogue is normally available from every Showroom, however we regret that some items may be temporarily unavailable due to world shortages of materials or to manufacturers' production problems.

The addresses of Argos Showrooms are shown on the back cover of this catalogue.

The Argos Catalogue.

Every article in this catalogue is as described although all sizes and capacities quoted are approximate. Descriptions are subject to change as a result of manufacturers' change of specification after the catalogue has been printed. It is Argos policy to offer the latest up-to-date merchandise.

This catalogue, published September 1974, supersedes all previous Argos catalogues and remains in effect until further notice.

The information given has been compiled with all reasonable care but Argos Distributors Limited cannot be held responsible for any errors or omissions.

How to shop at Argos –four easy steps.

On the right are the signs you will see in your local Catalogue Showroom.
They show you just how simple it is to enjoy the big savings.

Having studied this Argos colour catalogue at your leisure and decided on the items you wish to buy visit your local Argos Catalogue Showroom. There you can view many of the items from the catalogue on display, with no high-pressure salesmen to bother you – though help is there if you need it.

Where you see the sign saying LIST YOUR SELECTION HERE complete a simple Selection Form – just fill in the catalogue numbers of the items you wish to purchase. At the top of each form is an example of a completed entry to show how it's done.

If you need any further help, our staff will be glad to assist you. If you are buying jewellery, watches, photographic or radio/ television products please take your completed Selection Form straight to the PHOTOGRAPHIC, AUDIO AND JEWELLERY COUNTER.

Photographic Audio and Jewellery Counter

Take your completed Selection Form to the section marked CHECK YOUR LIST HERE. The assistant will check your selection form

Move to the desk marked PAY HERE where the cashier will add up your order and accept payment. If you are paying by Access or Barclaycard the cashier will complete the required form and ask for your signature. If you are paying by cheque you will of course have to offer proof of identity (for example, banker's card). Cheques up to £30 are accepted immediately, for larger amounts the normal clearance period will be necessary.

Finally collect your purchase from the COLLECT GOODS HERE area. Your order will normally have been taken from the stockroom to the collection area while you were paying the bill.

The Argos Guarantees.

(1) Customers of Argos are fully protected by the laws concerning the sale of goods when making a purchase
(2) However Argos goes further than the law requires. The Argos guarantee promises to exchange or refund you for any unused Argos purchase that does not meet your exact requirements for size, colour, shape or whatever... Simply replace the unused item in its original carton or wrapping and return it to us with the receipt within fourteen days of purchase. We want you to be entirely pleased in every respect with every purchase you make at Argos

Argos Credit Plan.

Take advantage of the special Argos Plan. We provide easy terms and you'll find it quick and simple

We require only the minimum deposit permitted by Government legislation and charge a very favourable rate of interest. Go to any Argos Showroom and ask for full details of our Credit Plan—it makes it even easier to enjoy the big Argos savings

Free Life Cover

In the event of the death of the borrower, any balance outstanding will be written off provided that the payments are up-to-date

Credit Cards.

You may use Access or Barclaycard to purchase goods shown in our catalogue from any of our Catalogue Showrooms.

Deliveries.

Items marked 'We will deliver' in the catalogue will be delivered without any extra charge - contact your local Argos Showroom for full details of delivery areas etc

Should any item not be delivered within 28 days your money will be refunded

Clubs & Organisations.

We welcome the opportunity to assist business or professional organisations who need top quality merchandise for presentations, business gifts, prizes, incentives and premiums.

Watch out for even BIGGER savings.

Sometimes it is possible for us to make special buying arrangements with manufacturers. The benefits are passed on to our customers. They are in fact EXTRA SAVINGS.

So look out for them when next you visit one of our Catalogue Showrooms. You may also see these savings advertised in your local newspaper

Our jewellery experts use their skills to assure you of better value

When you are buying fine jewellery it is important to have the advice that only a real expert can give you. Such an authority is Mr Brian Selwood a fellow of the Gemmological Association of Great [illegible] who [illegible] the selection of all our jewellery. His extensive knowledge of the arts and science of precious stones of all types backed by 25 years of continuous experience in H[illegible] Garden. On the opposite page he explains some [illegible] features that determine the value of a piece of jewellery.

[illegible]

[illegible]

[illegible]

[illegible]

[illegible]

[illegible]

Mr Selwood writes
The factors to consider are the quality of the stone the design of the piece of jewellery and the setting of the stone. The diamond for its brilliance and fire is rightly regarded as the queen of stones and its value is set by its weight its colour and its clarity. Gems, of course may be many colours from the greens of emerald peridot and tourmaline to the reds of ruby and garnet the mauve of amethyst, the blue of sapphire or the multi-hued magic of the Australian opal. Precious coloured stones in good sizes and with deep colour are in fact steadily becoming rarer.

The wide range of our jewellery includes both modern and traditional designs one of our main principles being to create elegant designs which will match every style of clothing fashion. One design technique well represented in these pages is now particularly popular—this is where the craftsman uses small diamonds strategically placed to highlight gold and coloured gems. Gold remains the ideal setting for superb stones especially as so many of our new designs make use of interesting shapes and textures. Finally the craftsman using traditional methods sets each individual stone separately by hand.

In buying jewellery you will naturally shop carefully comparing prices and quality. Once you have made the comparison you will find that the very extensive Argos range gives you the wide choice to meet your requirements exactly. You will find too that you will obtain a better piece of jewellery for the price you originally had in mind. You will also have my reassurance that at Argos you can be certain of the quality of your purchase.

THE SECURITY OF A VALUER S CERTIFICATE
The lifetime skills of experts ensure the value of the gems you purchase from Argos. Extra surety lies behind your purchase of an engagement ring or eternity ring because they are accompanied by a Valuer s Certificate. But whatever piece of jewellery you buy you have the reassurance of the Argos Guarantee which clearly describes the item purchased and undertakes to exchange credit or refund the purchase price if you are not completely satisfied within 30 days of your purchase.

All 9 18 and 22 carat gold items bear the official Hallmark as laid down by Acts of Parliament.

For your further guidance we would like to emphasise the following points.

INSURANCE
Always insure your jewellery—that s the experts advice. Argos gets you off to the best possible start. With each engagement ring or eternity ring up to £1 000 in value we give one year s free insurance. This covers the loss of the ring within certain conditions and guarantees to replace the ring to its full value at Argos. This insurance is valid for one year from the date of purchase.

RING SIZE
We offer a 3 to 4 day ring sizing service for your convenience.

The Brilliant cut diamond solitaire

The Brilliant Cut Diamond has 58 surfaces— facets, as they are called by jewellers. Each facet is precisely angled to achieve the maximum amount of reflection and refraction of light. It is the task of the expert cutter to grind these 58 facets on to the rough diamond crystal with mathematical precision thus to achieve perfection both in balance and in shape. After the cutter comes the polisher. It is his work which finally releases that brilliance and the fire that makes the diamond "the queen of stones".

THREE DIAMOND SOLITAIRES
Illustrated here are 3 ring designs each featuring the brilliant cut diamond; each is available in 4 carat weights and 3 different qualities. The settings are 18 carat white gold with shanks of 18 carat yellow or white gold.

COLOUR AND CLARITY
Diamonds are valued in relation to the intensity of their colour and brilliance. Most diamonds contain minor imperfections formed by nature but these are usually invisible to the untrained naked eye. Our experts rigidly control the quality of every diamond in the range to ensure that each one reaches the standards set for the following three grades.

SUPREME QUALITY
These are our finest quality diamonds, perfectly proportioned and of superb colour and brilliance. No natural imperfections are visible to mar the magnificent clarity.

CLASSIC QUALITY
Diamonds of perfect proportions with no visible imperfection to spoil the brilliant dispersion of light responsible for their excellent colour.

MERIT QUALITY
Still maintaining the perfect proportions and excellent colour of the Classic but with only a slightly lower degree of purity. These diamonds represent exceptional value.
